1. [REDACTED]
has reviewed your proposal with enthusiasm and suggests that we handle
the overlays as follows:

a. We will reproduce the overlays in three copies on a new
plastic called "cromaflex." Reproduction will be in a size
convenient for handling, and will be in black and white. Changes
will be necessitated in some symbols that are presently in color.

b. [REDACTED] one could, as you say,
be kept [REDACTED] and the others sent to appropriate border
teams. It is recommended that the border teams bring their copies
up to date every third month by marking necessary changes with
ordinary No. 1 lead pencil.
